

## Action Plan Goals

At the October 2<sup>nd</sup> Higher Education Study Committee meeting, there was consensus to use the following as working goals as a framework for the development of a plan:

- Increase South Carolina's education levels by  $xx\%$  in  $y$  years including priority areas such as science and technology, areas of health care, etc.
- Increase South Carolina's research and other measures of innovation such as licensed patents, technology start-ups, etc. by  $xx\%$  in  $y$  years
- Increase South Carolina's workforce training and educational services such as medical residencies, cultural outreach, etc. by  $xx\%$  in  $y$  years
